Math 114.04   Computer Instructions for Students NEW to EnableMath

1.   Go to http://www.enablemath.com.
2.   From the home screen, choose **Register** (on the left, below login).
       (DO NOT attempt to login by entering an e-mail address and password.)
3.   Fill out all information requested. Use the same e-mail address that you use for De Anza,
       and choose a password you can remember.
4.   Select **College Student** as the registration type.
5.   Click **I Agree** to the license agreement.
6.   Enter **6528** for **class code**.
7.   Click **Next Step**.
8.   Either purchase the site license online using Paypal,
       or enter the license code found in the guide you purchased at the bookstore.
9.   Click **Finish**.

You are now officially registered to use the program.
Now log out, so you can see how it will look the next time you use it.

10.   Click **Logout**.

The next time you use the program, you won't need to register. You will just log in.

11.   Enter your e-mail address and password, then click **Login**. You are now on the
       Syllabus screen.

To get some practice on how to use the program, try some problems.

12.   Double click on **12 Factoring**.
13.   Double click on **12.1.1 Greatest Common Factor**.
14.   Click on the green ball on the top right hand side of the screen.
       This will bring up the assignment.
15.   Do the problems.
       If you get one wrong, you can click on **Answer** to see the correct answer.
16.   If you want to see an example, click on the pink cube (upper right).
       a)   Click on right arrow on the ball to step through the problem.
       b)   Click on right arrow on the bar to the left of the ball to see another example.
       c)   When you are through looking at examples, click on the green ball (top right) to
              continue with problems.

To see some other features of the program.

17.   Click on the bar graph (top right) to view your progress.
18.   Double click on **12**, then **12.1**.
19.   Double click on **12.1.1** to view details.
20.   Click on the problem number to view a problem.

Computer Instructions For Students Who Previously Used EnableMath

1. Login as usual, typing your e-mail address and password.
2. Click on **Manage My Account** on the left side of the screen.
3. Click on **Join A Class** on the bottom of the box on the left side of the screen.
4. Enter **6528** for **class code**.
5. Click **Next Step.**

If you are repeating Math 114 with EnableMath, you are now enrolled in the current section of the class. You can skip step 6.

If you previously took Math 210 or Math 112 with EnableMath, you will need to purchase a site license for Math 114.

6. Either purchase the site license online using Paypal,
   or enter the license code found in the guide you purchased at the bookstore.

You are now registered for the class.
