

Research

DiLEONARDO, Christopher G., in review, Arc-oblique transcurrent faulting in the Cascadia forearc: Insights from the integration of structural analysis with airborne and satellite remote sensing: Geological Society of America Bulletin [in Revision]

DiLEONARDO, Christopher G. and Moore, J. Casey, 2006, Discussion and Reply: Control of internal structure and fluid-migration pathways within the Barbados Ridge décollement zone by strike-slip faulting: Evidence from coherence and three-dimensional seismic amplitude imaging Geological Society of America Bulletin: v. 118 pp. 255 -266.

DiLEONARDO, Christopher G., submitted, The influence of lower-plate tectonism in the evolution of out-of-sequence faults, Northern Barbados Ridge accretionary wedge: Tectonics

DiLEONARDO, Christopher G., 2003, Evidence of conjugate shear failure and time-transient strain in the Cascadia forearc [abs.]: EOS, Transactions, American Geophysical Union:, v. 84 n. 46.

Wallace, Glenn, Moore, J. Casey, and DiLEONARDO, Christopher, 2003, Controls on Densification and Localization of a Modern Decollement: Northern Barbados Accretionary Prism : Geological Society of America Bulletin: v. 115, n. 3. pp. 288 –297.

DiLEONARDO, Christopher G., 2002, Lower Plate Influences on Fold and thrust belt architecture: Lessons learned from 3-D seismic reflection studies of the Barbados Ridge accretionary wedge [abs.]: Geological Society of America Abstracts with Programs, v. 36 n. 6.

DiLEONARDO, Christopher G., Moore, J. Casey, Nissen, Susan and Bangs, Nathan, 2002, Control of internal structure and fluid-migration pathways within the Barbados Ridge décollement zone by strike-slip faulting: Evidence from coherence and three-dimensional seismic amplitude imaging Geological Society of America Bulletin: v. 114, n1. pp. 51 – 63.

DiLEONARDO, Christopher G., 2001, The influence of lower plate tectonism on the evolution of accretionary forearc systems [PhD. Dissertation]: University of California, Santa Cruz, California 148pp.

DiLEONARDO, Christopher G., 2001, Onshore mapping of arc-oblique strike-slip faults in the Cascadia forearc using airborne and satellite remote sensing [abs.]: EOS, Transactions, American Geophysical Union: v. 82 n. 47 p. F1152

DiLEONARDO, Christopher G., 1999, Influence of lower plate tectonism on the evolution of out-of-sequence faults: Northern Barbados ridge accretionary wedge [abs.]: EOS, Transactions, American Geophysical Union: v. 80 n. 46 p. F571

DiLEONARDO, Christopher G., Moore, J. Casey, Nissen, Susan and Bangs, Nathan, 1997, Anatomy of a fault zone: Coherence and 3D seismic amplitude imaging of the Barbados Ridge décollement [abs.]: EOS, Transactions, American Geophysical Union: v. 78 n. 46 p. F685

DiLEONARDO, Christopher G., 1991, Timing and kinematics of bounding structures of the North Creek block, Northeastern Cascades, Washington: Implications for the evolution of the southern Ross Lake fault zone [abs.]: Geological Society of America Abstracts with Programs, v. 23 n. 2 p. 19.

DiLEONARDO, C. G., 1987, Evolution of the Smith Canyon fault and Gold Creek shear zone, Northeastern Cascades, Washington [abs.]: Geological Society of America Abstracts with Programs, v. 19 n. 6 p. 372.

DiLEONARDO, C. G., 1987, Evolution of the Smith Canyon fault, Northeastern Cascades, Washington [M.S. Thesis]: San Jose State University, San Jose, California 91pp.

#### Education

DiLEONARDO, Christopher G., 2007, *Instructor's Manual for Visualizing Geology*, John Wiley and Sons Inc., New York, New York, 111pp.

Kastens, Kim A., DeFelice, Barbara, Devaul, Holly, DiLEONARDO, Christopher., Ginger, Kathryn, Larsen, Suzanne, Mogk, David, and Tahirkheli, S., 2005, Questions and challenges arising in building the collection of a digital library for education. D-Lib Magazine v 11 n 11.

DiLEONARDO, Christopher G., 1999, A "hands on" comparative planetology course as a model for integrating real data in undergraduate geoscience curriculum [abs.]: Geological Society of America Abstracts with Programs: v 31 n. 7

DiLEONARDO, Christopher G., 1998, Visualization and imaging in undergraduate geoscience Education [abs.]: EOS, Transactions, American Geophysical Union: v. 79 n. 45 p. F75

DiLEONARDO, Christopher G., 1997, VISTA: An online image and curriculum archive for earth systems science education [abs.]: Geological Society of America Abstracts with Programs: v 29 n. 7

Douglass, David N. and DiLEONARDO: Christopher G., 1997, Collaborative development of a web resource highlighting remote sensing, image processing and GIS as teaching tools in earth systems science courses [abs.], Geological Society of America Abstracts with Programs: v 29 n. 7

DiLEONARDO, Christopher G., 1995, *Methods and Principles in Physical Geology*, (Activities and laboratory exercises ), Magellan Press, San Jose, California, 204pp.

#### PROFESSIONAL REPORTS
